1. Bidder verification

Only registered users aged 18 or older whose bidder activation has been confirmed may bid. Activation normally costs R10 once off through Yoco; the fee is waived for the first 100 recorded Early Access signups. Any verification payment is not a deposit and does not authorise saved-card or automatic charges.

2. Bidding and soft close

Each bid is binding when the sale is completed. A valid bid in the final 2 minutes restores a full 2-minute window; repeated late bids repeat the extension. Lawful pre-completion bid retractions will be processed and recorded.

3. Price and payment

A 5% buyer premium is added to the winning bid. The winning bidder must pay the full displayed amount through the winning-order Yoco checkout by the deadline above. Payment is complete only when confirmed by the provider. No goods are released before cleared payment.

4. Default

If cleared payment is not received by the deadline, Whacky Auctions may cancel the sale, restrict the bidder and re-offer the lot. Any default fee is capped at the lesser of 10% of the purchase price or the auction and additional costs recoverable under applicable auction regulations.

5. Condition, collection and courier

The lot condition, known defects and inspection opportunity are disclosed in its listing. Paid goods must be collected in Florida, Gauteng within 30 calendar days, during the stated hours and by prior arrangement. A buyer may arrange and pay a courier. Whacky Auctions is not responsible for a buyer-appointed courier except to the extent liability cannot lawfully be excluded. Goods are sold as-is to the extent permitted by law; mandatory rights remain unaffected.

6. Incorporated master rules

These standard live rules must be read with the Whacky Auctions App Terms & Master Rules of Auction v1.2. Auction-specific listing terms prevail only to the extent they are lawful and were properly disclosed before bidding.

IMPORTANT

A listing may lawfully vary these standard terms only when the change is clearly disclosed before bidding. The listing terms, these standard live rules and the Master Rules must be read together.
